

Urban Land Use

- ⇒ Almost 80% of Canadians live, work, travel, shop and spend leisure time in cities
- ⇒ To meet these needs a city must have factories, offices, houses, apartments, roads, rail lines, stores, parks, cemeteries, schools, etc.
- ⇒ All these above features fall into one of six major land-use groups:

40%	Residential
32%	Transportation
5%	Commercial
6%	Industrial
7%	Recreational / Open Space
10%	Institutional / Public Buildings
